

## PERE MARQUETTE

### How there came to be a Pere Marquette Railroad

"As it stands today, the Road embraces 41 lines originally entirely separate. These lines gradually grew into three small systems—the Flint & Pere Marquette in eastern Michigan; the Chicago & West Michigan in western and the Detroit, Grand Rapids & Western in the central part of the state. These three systems were consolidated in 1900 to form the Pere Marquette Railroad.

"The Pere Marquette Railroad didn't 'just happen'. It is the result of a steady growth due to manifest need. The little lines couldn't furnish connected service—consolidation resulted.

Today we have through service to nearly all the principal cities of the state. **Would we return to the old order of things? Not we!** This Railroad is here today by virtue of the efforts of some of the best men Michigan ever had. We of this day cannot know of their struggles, their determined perseverance, their sacrifices, their indomitable courage and heroism. But the bands of steel stand for all these.

"This is Michigan's Railroad. It serves us in Michigan principally, and it must be conserved in order that it may continue to serve us as it should. It needs your word of encouragement. It needs your business. It needs your help in securing adequate rates. These things will enable the Road to so maintain itself as to guarantee its future on a basis which will meet your transportation demands and promote the progress and development of the state. We are doing everything possible to bring about this result. Are you doing your part?

## The Belmont Plan

In placing the BELMONT METALLIC CASKET on the market, [we select in each City of any importance the LEADING FUNERAL DIRECTOR, to whom we give the exclusive right to handle our product, he to use his judgment in the matter of publicity.

We know from his standing that this matter will be handled in strictly a professional manner and that when so placed before a thinking community a demand will be created for what we know to be the highest grade METALLIC CASKET that is manufactured.

When such a demand is created we protect the man who has created it by making it impossible for anyone else to obtain the BELMONT METALLIC CASKET.

After careful consideration, we selected the firm of

**Davis & Son, Yale,**

whose professional standing is of the highest, [believing them to be a representative firm of Funeral Directors.

We know from the service they have always given that the BELMONT METALLIC CASKET could not be presented to the community in a more professional and satisfactory way.
